DIXON EVENING TELEGRAPH.

OFFICIAL PAPER OF THE CITY OF DIXON BY ACT OF CITY COUNCIL — OFFICIAL PAPER OF LEE COUNTY BY ACT OF SUPERVIOS

Telegraph Sixty-Third Year — DIXON, ILLINOIS THURSDAY NOVEMBER 13 1913 — Dixon Daily Telegraph Thirtieth Year 269

MAY VOTE ON BONDS FOR STREET PAVING

EXTENSIVE IMPROVEMENTS BEING PLANNED FOR NEXT YEAR IN DIXON.

HAVE GONE THUS FAR WITHOUT

Most Cities Have to Bond From the Start, But Dixon Has Done Wonderful Work Out of the General Fund.

The city officials will in all probability, during the winter, outline all the public improvements considered absolutely necessary, have the engineer prepare the estimates on the cost of the work and next spring submit the question of a bond issue to the voters, which issue it is believed will be authorized by a big vote when the citizens understand that Dixon has during the past two years, been putting all of its local improvements in without the issue of any bonds at all.

In nearly every city in the state it has been necessary to issue bonds from the first, while in Dixon the city council has been able to pay the city's proportion of all of the paving improvements that have been made out of the general fund.

Need More Money.

However, the additional improvements which are considered necesary, will bring the municipality's annual assessment above the amount that can be set aside from the yearly tax receipts, and consequently the commissioners will attempt to seek the public's approbation to the extension of the work and the bond issue.

Among the work contemplated by the council are the following projects:

Brick pavement on Central Place from Third to Fifth streets; on Fifth street from Central Place to Depot avenue, and on Depot avenue from Fifth street to the Northwestern depot.

Cement pavement on Seventh street from Hennepin avenue to the city limits.

Brick pavement on College avenue from Third to Sixth streets and on Sixth street from College avenue to Depot avenue, where the work will connect with the first project mentioned.

Sewer system in the west end to take care of a great extent of territory which is not now supplied with sufficient sewerage.

Brick pavement on Second street from Ottawa to Dement avenues.

ELKS BAZAR PLANS NEARLY COMPLETED

PLAN BIG TIME FOR WEEK OF NOV. 24-29 AT THE ROSBROOK HALL.

The Elks' fair committee has practically completed all arrangements for the big annual bazar which will be held at Rosbrook's hall Nov. 24-29, and it is the hope of every member of the committee and of the entire lodge to make the affair the most successful in the history of the lodge. Reservations of an exceptionally large amount of Thanksgiving poultry, which include chickens, ducks and geese, have been made, and several other new features will be added.

Will Scrivens is ill, confined to his bed by tonsilitis.

Arthur Sowles of Sterling was in Dixon yesterday.

Earl Bishop of Sterling called on Dixon friends last evening and attended the Elks' dancing party.

At Elks' Club.

The second event of the Elks' entertainment course for the winter will be given at the club rooms next Wednesday evening, when Ralph Bingham, the entertainer, will give the program. Mr. Bingham is a violinist and humorist, and he comes to Dixon most highly recommended. Beyond all doubt he will be greeted by an audience that will completely fill the auditorium.

NO AMMUNITION CRIPPLES ARMY

GARRISON HAS ASKED FOR $8,000,000 TO MEET THE NEED.

FOUR TIMES USUAL SUM.

Threatened Crisis With Mexico Directs Attention to Army's Dire Lack—Artillery So Ill Supplied It Could not Go Through One Engagement—Naval Budget Has Increased.

Recent developments in Mexico have sharply directed the attention of war department officials in Washington to the army's unpreparedness for trouble.

The question has received serious consideration and congress will be asked to increase appropriations to establish the army on a footing to be responsive to any emergency.

For example, Secretary Garrison asks an appropriation of nearly $8,000,000 to purchase ammunition. In recent years not more than $2,000,000 annually has been allowed for this purpose. The estimates have exceeded the amount voted but Mr. Garrison's report is in excess of any of recent years.

The secretary of war last year requested $1,250,000 for ammunition for the artillery corps as compared with $6,000,000 to be requested by Secretary Garrison for this branch of the service.

Not Enough for One Engagement

It is well known among army officers that the field artillery has been neglected by congress. This is made up of 90 batteries of four guns each. Experts say the corps has not sufficient ammunition to go through a single engagement. At present the artillery has no reserve stock of ammunition.

War department officials believe the artillery should have available at all times about $24,000,000 in ammunition, ample for beginning and continuing operations in case of trouble until the supply could be replenished.

Gen .Wood, chief of staff, in his 1912 report said:

"I cannot too strongly urge the necessity for more liberal appropriations for the manufacture of reserve material of the following type: First field artillery guns and ammunition; second, coast artillery ammunition. The shortage, especially of field artillery guns and ammunition, is one which constitutes a grave danger and which would prejudice our chances for success in case of war with a first class power. We shall be found unprepared unless the present deficiency is provided."

A little in excess of $94,000,000 was made available for the army this year. For the next fiscal year the estimates call for an appropriation of $101,000,000. Most of the increase is made up by the larger allowance asked for the purchase of ammunition.

Navy Estimates Increased.

Leaders in congress fear the navy estimates will also be increased. The appropriation this year was over $140,000,000. It is generally believed the administration will urge the authorization of two battleships in the budget.

The small navy men are preparing to fight this building program in the hope that the German emperor will acquiesce in the proposal of Winston Churchill of the British admiralty that the powers shall suspend naval building operations for a year.

These men hope that Germany will fall in line with the policy of Churchill, although they fear she will not. If the kaiser consents to lay off battleship building for a year the small navy men in congress believe they could prevent the incorporation of two battleships in the budget.

Otherwise they fear the recommendation of the administration in this regard will be followed by congress and that it will take hard work in the December session to prevent the allowance of a very liberal appropriation for both the army and the nevy.

UNDERTAKERS MAKE PROTEST

CHARGE THAT CASKETS CONTAINING CORPSES ARE CARELESSLY HANDLED.

Freeport, Nov. 13—Although no formal complaint has been made, local undertakers are all protesting against the manner in which dead bodies are handled by local freight and express men at the union station and it is probable that a formal complaint will be made to the road officials. It often happens that the undertakers are forced to place bodies, which have already been embalmed, in the baggage or express room at the union station while wait ing for a train on which the bodies will be taken to their destinations. When this is the case many times those who handle the corpses throw them about the station platform and baggage room as if they were nothing more than a bundle of common freight.

The rough boxes in which the caskets and bodies are placed are marked very dstinctly and a caution sign is placed at the head of the box However, these signs are evidently unheeded and the boxes are placed in a standing position in the baggage rooms, often with the head downward. This practice not only causes much extra work for the undertaker in charge, but it also shows a very marked disrespect for the dead:

A few days ago a body was shipped to Lena from this city and soon after the local undertaker had left the body at the union station he returned and found the body standing head downward in the express room at the station. Several weeks ago an other body was shipped through here and it was allowed to stand in the same position for several hours. This practice, according to the undertakers, is one which should be stopped and in case it is not stopped a formal complaint will be made to the railroad officials.

BAD WRECK TODAY ON ALABAMA ROAD

NINE KILLED AND 150 INJURED WHEN EXCURSION TRAIN WAS WRECKED.

Ufaula, Ala., Nov. 13—Special to Telegraph—Nine persons were killed and 150 injured in a wreck of a passenger train on the Central of Georgia railroad at Clayton, Ala., near here today. The train was loaded with excursionists and was running at high speed.

"The definition of a free port is: A harbor where ships of all nations may enter on paying a moderate toll and load and unload. The free ports are great depots where goods may be stored without paying duty. The goods may be reshipped free of duty.

"A free city is a city where there is no import or export duty of any kind on goods bought, sold or consumed.

A Paramount Necessity.

"The reason I have brought up this question is because I believe it the paramount one in the development of our commercial relationship with South America. If a free zone is created at Panama, South American merchants will also establish branches and agencies there to facilitate trade."

Mr. Boyce directed attention to the growth of Hamburg, Copenhagen and other free ports and in particular to the success attending the British free ports in promoting commercial interests. He asserted that by following their example the United States could secure and retain the trade of South America infull.

HAVE BABY GIRL.

Mr. and Mrs. N. E. Walden, nee Grace Schmidt, of Minneapolis, at 2 p. m. Wednesday, welcomed a sweet baby girl to their home, according to information via wire to Commissioner Henry Schmidt from his daughter.

TO SEVER RELATIONS IN FORTY EIGHT HOURS

STATE DEPARTMENT AT WASHINGTON SETS TIME LIMIT ON NEGOTIATIONS.

WAR NOT IMMINENT HOWEVER

Break in Relations Will Not Mean Hostilities Unless Huerta Takes the Initiative.

Washington, D. C., Nov. 13—Special to Telegraph—Diplomatic relations between the United States and the Mexican government will be severed within 48 hours unless President Huerta agrees to the more pressing points of the American demands

This information was obtained today at the state department here. It was supplemented by additional information that the serevance of relations will not necessarily mean war unless Huerta takes the initiative against the United States.

President Wilson today completed his statement relating to Mexican affairs and announced that it would be made public this afternoon.

Huerta at Home.

Mexico City, Nov. 13—Special to Telegraph—It was reported this morning that Huerta was at his home in Lovelpool street recovering from a night's debauch. All entrances to the place were guarded, causing the report that Gen. Blanquet had ordered the dictator's arrest. These rumors were officially denied, however.

Germans living in Mexico were advised by their legation today that it would be safer for them to leave the country.

SPUD CROP SHORT HUNDRED MILLION

YIELD THIS YEAR ESTIMATED AT 319,000,000 BUSHELS, LAST YEAR 421,0000,000.

The government crop report says: The production of potatoes also affords some relief to the householder as the crop is estimated at 328,550,000 bushels, which compares with 319,000,000, the October estimate, but falls considerably short of last year's estimate, which was 421,000,000 bushels. It is estimated that the production of sweet potatoes is 55,760,000 bushels. There is some deterioration of flaxseed, the estimated production being 19,234,000 bushels against 21,000,000 bushels estimated a month ago and 28,000,000 bushels produced last year. The tobacco production is 903,875,000 lbs., the yield being greater than estimated a month ago and amounting to 789.8 lbs. per acre, which compares with an estimate the past month of 166 lbs.

THOMAS M'ELROY FUNERAL TOMORROW

The funeral of Thomas McElroy, who died at his home in Moline on Tuesday afternoon, will be held tomorrow morning at 9:30 o'clock at the home of the late Peter O'Malley on Peoria avenue, and at 10 at St. Patrick's church, the remains having arrived in Dixon at noon today. Father Foley will officiate at the services and interment will be in Oakwood.

DEKALB PIONEER DIES.

DeKalb Chronicle: DeKalb people attended the funeral of Mrs. Mary Mitchell today in Sycamore at the Z. B. Mitchell home. A number of relatives reside in this city.

Mrs. Mitchell died Monday afternoon at 2 o'clock at the home of her son on Walnut street. She has been in a precarious condition for several weeks.

The deceased has been a resident of Sycamore and Mayfield for the past 63 years.

LICENSED TO WED

A marriage license was issued to Wm. M. Gantzert and Miss Mary Genz, both of Nelson township.

STATE TAX RATE TO BE 60 CENT

ONLY THREE COUNTIES ASSESSED CAPITAL STOCK OF MANUFACTURERS, IS REPORT.

The administration leaders, and Gov. Dunne in particular, received one piece of cheering news at the assembling of the state board of equalization. It was the assurance that increased assessments this year on all kinds of property would let him down with a new state tax rate of not to exceed 60 cents on $100, instead of 75 cents as anticipated six months ago. This 60 cent rate, it is now stated by the equalizers, will take care of all deficits and meet the $37,000,000 appropriation made by the last general assembly.

An interesting disclosure was made by the equalizers when it was found that the local assessors in but three counties—Cook, Peoria and Sangamon—had made any effort to assess the capital stock of manufacturing and mercantile establishments. This power is delegated to the local assessors by the law, but it has not been used except in three of the 102 counties of the state.

The present state tax rate is 37 cents, established by Gov. Deneen before he left the office. The increase in the rate will be 23 cents.

WILL BOOM LINCOLN HIGHWAY WEDNESDAY

TWO BIG MEETINGS WILL BE HELD AT STERLING AND ROCK FALLS

Sterling, Sov. 13.— The good roads committee of the Sterling and Rock Falls Commercial club are arranging for two meeting next Wednesday, to celebrate the anniversary of Lincoln's address at Gettysburg, and to boom the Lincoln Highway. There is to be a mass meeting in the opera house at Sterling in the afternoon and another in Rock Falls in the evening. Business men will observe the day and special exercises are scheduled for the schools.

A. R. Pardington, vice president of the Lincoln Highway association will be one of the speakers, and H. H. Kohlsaat, editor of the Chicago Inter-Ocean is scheduled to talk on "The Relation of the Press to Good Roads." Will F. Miller, secertary of the Good Roads committee, has the details in charge.

Sterling and Rock Falls were represented at Clinton last Friday at the celebration dedicating the route of the highway.

GOODFELLOWS MAY DO GOOD WORK NOW

WIDOW AND CHILDREN NEED A HEATING STOVE—NOTIFY THIS OFFICE.

Goodfellows, we have an urgent call for a little pre-Christmas help. A young widow and four little children need a heating stove. They have a cook stove, which heats their kitchen, but the rest of the house is cold and must be dangerous to health as well as mighty uncomfortable. They should have a soft coal heater. They do not need a large one.

Any Goodfellow who will supply this need may notify the Telegraph. The names and further details will be furnished upon request.

FIGHT ROCK RIVER FISH PRESERVE LAW

MAN THAT WARDENS TAGUE, LONERGAN AND M'DOLE ARRESTED WILL FIGHT.

GOVERNMENT STREAM IS DEFENSE

Commercial Fishermen Raise Fund —Say State Has No Jurisdiction Over Rock River.

Whether the fact that the war department of the United States has held that Rock river is a navigable stream, and as such retains control over the construction of dams and operation of craft in that stream brings it entirely under the control of the federal officials and therefore out of the jurisdiction of the state of Illinois, thereby rendering the action of the state game and fish commission in making Rock river and its tributaries a state fish preserve, is unconstitutional will be determined by the supreme court of the state in all probability, as the result of an arrest made at Moline late Tuesday afternoon by Deputy Wardens Tague of this city, Lonergan and Conley of Freeport, and McDole of Rock Island.

Raise Fund to Fight

After several days of investigating under instructions from Waiden Clavin of Sterling, the deputy officers found and arrested Glenn Thompson, whom they charge with violation of the laws governing fishing in the state preserve. The officials claim to have evidence that Thompson has been using between 30 and 40 hoop nets in his fishing, and about 15 of such devices were confiscated after Thompson's arrest, and incarceration in the Rock Island county jail.

He was arraigned yesterday before Justice Smith and upon his petition for a continuance, argued by Attorney Wm. Whiteside, it developed that the commercial fishermen in the vicinity of Rock Island and Moline have raised a fund to fight the case and carry it to the supreme court, their idea being to have the constitutionality of the action of the game and fish commissioners established.

It is understood that Attorney Whiteside will contend that the legislature had no legal right to detail powers to the game and fish commission to select such waters within the state as they wished to set aside as fish preserves, and that further, the waters of Rock river are under the jurisdiction of the United States government and therefore beyond the control of the state authorities.

HIGHWAY FANS TO PAINT POSTS

WILL HAVE THE SIGNS ALL THE WAY ACROSS DEKALB COUNTY.

DeKalb Chronicle: A bunch of DeKalb artists is out today on the Lincoln highway doing a little decorating of the various telephone and other poles along the route. Chief Consul Corkings for Illinois wants to be able to tell the meeting at Sterling next week that DeKalb is all equipped with the signs so he has enlisted a force consisting of Bob Bell, George Rees and Charles Corey to go along with him this afternoon and paint the signs on the highway from the Kane county line to Ogle county.

They will have to make two trips of it. They will paint a white band 21 inches wide on each pole today and tomorrow will go over the route and paint a three-inch border of red on top and a three-inch border of blue on the bottom with a black L over the white.

TO STERLING.

E. T. Bailey, secretary of the Y. M. C. A., will go to Sterling this evening to assist in the service to be held at the Sterling association in connection with the week of prayer meetings being held there.

TRAIN GIRLS TO BE GOOD WIVES

NATIONAL GOVERNMENT HAS INDORSED HOUSEKEEPING COURSES.

FOUND HIGHLY PRACTICAL

Especially Good for Pupils Who Expect to Stay in School Two Years or Less—Latin and Advanced Mathematics Are Conspicuous by Their Absence.

Indorsements of the efforts to educate high school girls along lines that would tend to make them efficient wives and housekeepers is contained in a statement just issued by the United States mureau of education. The federal educators point to the course laid down by the Wadleigh high school in New York City as being a model of its kind. The course has been watched carefully by the bureau of education and its practical side has been advanced by it.

"The work is taken up chiefly by students who do not intend to go to college," the federal educators set forth, "but who wish to make the best use of their time while in high school, and it is particularly recommended for those who expect to stay in school only two years or less."

"Practical" and "Cultural"

The course is declared to be both "practical" and "cultural," giving opportunity for the acquirement of much of the information that ordinarily would not enter into the task of managing a home. Domestic science and art, household arithmetic, the care and remodeling of clothing, household chemistry, millinery and dressmaking are among the principal subjects.

In addition to these, however, the young women who contemplate becoming housewives will be instructed also in modern languages, music, history, drawing and other subjects of like character. The federal officials add, though, that "Latin and advanced mathematics are conspicuous by their absence."

CHAUFFEURS MUST PROCURE LICENSES

STATE EXAMINERS VISIT VARIOUS CITIES TO SEE LAW IS LIVED UP TO

Wm. R. Dillon, state examiner of chauffeurs, and Frank Stanton, the state automobile inspector, have been visiting various cities in the central and north central parts of the state during the past few weeks, conducting examinations. They probably will be in Dixon before long for the same purpose.

"The automobile law is very clear, said Mr. Dillon, "and it is necessary that all chauffeurs driving cars for profit, hire or employers, must take out licenses. We do not desire to prosecute any one who has been violating the law, but we wish first to give them an opportunity to take out licenses. The license fee is $5.

A chauffeur is supposed to have two post card pictures taken of himself, one to be kept in the car with his license and the other to be sent to the secretary of state for identification.

The examination that the chauffeurs must take is an oral one and even though they cannot answer all the questions, if they can show themselves to be good drivers they will be given licenses. The road test is one thing the chauffeur must pass if he secures a license.

SWITCH ENGINE JUMPED THE TRACK

The Illinois Central switch engine jumped the track while it was being backed into the "housing" track last evening, and the labors of a large crew of men were required until late this morning to replace it on the rails. The accident was caused by a broken rail.

The Colonel was a busy man on Tuesday. He entertained Clarence S. Funk, president of the Rumely company; vice president McWilliams; and the managers of the branch houses at Winnipeg, Omaha and Kansas City. These men were here to witness a demonstration of gang plows. We were honored by having Mr. Funk call on us. Everybody knows Mr. Funk by reputation

Our friend, Fred Hoberg, is married. The wedding was asocial affair of some importance. We wish to extend our congratulations. The usual crowd of friends were at the depot when they made their get-a-way and the bride and groom received the usual share of rice. Goodbye, Kitty, we hate to see you go.

Robert Anderson is assisting at the W. H. Fleming market for a day or two.

The Gem Shirt agent was here on Wednesday calling on Sam Huggins Speaking of Sam Huggins—He left a rubber coat hang out all night on Tuesday night. That tells us that ther are few dishonest fellows on the avenue. Perhaps no one passed that way in the night. After all that is more like it. Be careful Sam and don't get reckless

L. E. West of Rock Island, known as the Gum Man, was on the avenue Wednesday.

Charles Woodson of Logan avenue has moved his family to Missouri.

Lee Read was seen driving on the avenue Wednesday.

Manny Newman, secretary to James Penny, the stove man, is laid up with a lame back. Jimmie is a busy man. He must work now since Manny has gone. To tell it just like Jimmie— "I'm up agin' it."

"Red" Curran was on the avenue Wednesday.

Some time ago John P. McIntyre put an ad in the column, asking that 500 women call at his coal office. Today Mac is sorry, in a way that he inserted that ad. "Women women—I never knew there were so many women in Dixon."

A large rat and hen committed suicide by hanging in the barn of John Kennedy. The Mayor of Gobbler's Knob found the "dead ones" when he went to feed his mules early Wednesday morning. The mayor had better look out or some morning he will find his pair of Jacks hanging by the neck. But John says anything to give the place a reputation.

The Illinois Central freight office will be well represented at the fair in Sterling Thursday night. P. J. is going with his hair in a braid.

We had the pleasure of meeting Charles S. LaFollette of Chicago on the avenue Wednesday afternoon. He is traveling passenger agent for the New York Central lines. He is a brother of Congressman William La Follette of the state of Washington and a cousin of U. S. senator La Follette of Wisconsin. This summer he spent in Washington the guest of his brother and cousin.

This all goes to show that men of prominence visit the avenue. Funk-LaFollette a good pair to draw from for one day.

And then we get all the wedding parties—and that's going some.

Still talking about the shoe factory. If it had not been for the Telegraph no one would be talking about the factory. We all hope the new concern will get hold of the factory for it will mean a good deal to this end of town and incidentally—for every part of the city.

"We'll have a shoe factory" says Horrigan.

"We will" says I.

"It'll be the makin' of the avenue" says Horrigan.

"It will" says I.

"Let us have a ——" says Horrigan.

"On the factory" says I.

Now men— let me take you into our confidence for just one moment. Have you little folks? You have. Well take them something once in a while, a bit of candy, an apple, an orange etc.— any little thing. It will bring a smile to the face of the little fellows. Try it once. You will repeat the dose. This idea of expecting too much from your children is an event of the past. Were you not a child once yoursel? You rejoiced when your father remembered you with a little token. Of course you did. And don't forget the good wife even if it can not be anything but the goods for an apron Why not make home pleasant and the children happy when you can. And you can.

FUNK'S ACCUSER FOUND GUILTY

Chicago Attorney Convicted of Conspiracy and Is Fined $2,000 by Jury.

DETECTIVE FREE OF CHARGES

Lawyer Donahue Convicted of Attempting to Defame Character of Former General Manager of International Harvester Co.

Chicago, Nov. 13.—Attorney D. Donahoe of this city, who brought a $25,000 alienation suit against Clarence S. Funk in the name of John C. Henning, was found guilty of conspiracy to defame Mr. Funk by a jury in Judge Pam's court. He escaped a prison term, being sentenced to pay a $2,000 fine, the maximum the jury could order collected.

Isaac Stiefel, private detective, who had worked up part of the case against Mr. Funk, was found not guilty of the same charge on which Donahoe was convicted. The verdict of the jury absolves him from all responsibility for the part he played in the alienation suit.

Make Usual Motion.

Donahoe's lawyers made the usual motion for a new trial and it was set for a hearing on November 22.

Aileen Heppner, who testified for Henning in the suit and was later indicted, is still to be tried.

There is, however, a strong possibility that the charges against Miss Heppner will not be pressed.

Lasts Thirty-Six Days.

Thirty-six days were consumed in the trial of the case, which came to an end last night. In the beginning great difficulty was experienced in finding a judge to try the case. One after another judge asked to be excused from hearing it. Judge Pam was finally transferred to the criminal branch of the superior court to conduct the trial.

The trial was protracted by two collapses of Mrs. Henning while she was on the witness stand, but the jurors were ignorant of these collapses and they did not affect the verdict.

The suit, which has attracted wide interest grew out of the scandal attached to the election of William Lorimer to the United States senate. After the first senate investigating committee had voted in favor of Lorimer retaining his seat, a second investigation was started based on an editorial printed in The Record-Herald which stated that a large sum of money had been raised to elect Lorimer.

DEDICATE BIG POWER PLANT

Hydro-Electric Development in Tennessee Opened.

Chattanooga, Tenn., Nov. 13.—The formal opening and dedication of the Chattanooga and Tennessee River Power company's hydro-electric development at Hale's bar, near this city, took place today, and as it means the resumption of navigation on the Tennessee the event was celebrated with great enthusiasm. Government officials, members of congress and distinguished engineers were among the guests entertained by the chamber of of commerce, and tonight all of them will attend a banquet at Signal Point.

The steamboat ride of 25 miles to Hale's bar was made more enjoyable by the music supplied by the band of the Eleventh regiment, U. S. cavalry. At 11:30 o'clock the current was turned on by Nicholas F. Brady, son of the late Anthony N. Brady, builder of the plant, after which luncheon was served and the plant was inspected.

Excelsior Springs, Mo., Nov. 13.—Mrs. Martha C. Simmons, with $1,000,000 in her own right, widow of Dr. C. S. Simmons, formerly a medicine manufacturer of St. Louis, committed suicide here by taking poison. Last week Mrs. Simmons broke her engagement to a Kansas City physician. She told him gossip linking her name and that of Doctor Simmons before their marriage had made her despondent. Mrs. Simmons was Doctor Simmons' second wife, having succeeded her sister, Hattie, who was divorced from the doctor in 1908.

CZAREVITCH OF RUSSIA DYING

Surgeons Give Him Only Six Months to Live.

Vienna, Nov. 13.—The czarevitch, the czar's heir and only son, cannot live more than six months. Such is the opinion of the most distinguished surgeons here who have been called in consultation over the boy, now in his tenth year. They say he suffers from quick tuberculosis of the bones and is incurable. Of course no one dare whisper this in St. Petersburg, but the czar knows his son is in an extremely precarious condition. He cannot walk. A muscular orderly carries him when he appears in public.

Capital of $2,500,000 Yields Total Dividends of $121,000,000 in 42 Years —Mine Man Calls Charge "Bunk."

Seattle, Wash., Nov. 13.—Secretary of Labor William B. Wilson, addressing the American Federation of Labor, condemned the attitude of the Michigan copper mining companies toward their workers and warned them that a new conception of titles to property was in progress of formation.

Mr. Wilson, who addressed the delegates as "fellow unionists," said:

"The department of labor as now organized and directed will be utilized to co-operate with the great trade union movement in its effort to elevate the standard of human society.

"There can be no mediation, there can be no conciliation between employers and employes that does not presuppose collective bargaining, and there cannot be collective bargaining that does not presuppose trade unionism."

To Investigate Earnings.

"And the little bit of confidence that I am going to give you," he added, "is an advance statement of one of the items in that situation. The largest corporation engaged in the production of copper in the Michigan district was organized in 1870 with an actual investment of $1,250,000.

"From that time until one year ago that corporation declared in dividends $121,000,000, and made reinvestments out of its earnings of $75,000,000—nearly $200,000,000 of actual net profits in a period of 42 years on an investment of $1,250,000. And then it not only protests against meeting committees of its workmen, but refuses to accept the good offices of the department of labor in negotiating the difficulty.

"Law has created titles to property not primarily for the welfare of the men to whom it conveys them, but for the welfare of the community.

"If any individual or corporation takes the ground that he has the right to do with that property as he pleases, and fails to take into consideration that the title has only been conveyed to him as a trustee for the welfare of society, then he is creating a condition that will cause society to modify or to change these titles to property, as it has a perfect right to do."

Mr. Wilson condemned the sending of strike-breakers by private employment agencies.

Manager Answers Wilson.

Calumet, Mich., Nov. 13.—Of Secretary Wilson's speech before the American Federation of Labor condemning the policy of the mining companies of Michigan in the copper strike James MacNaughton, general manager of the Calumet & Hecla Mining company, said:

"It would naturally be presumed that a cabinet member was unbiased. In view of Mr. Wilson's statement that he proposes to make public the 'enormous profits' of the copper companies—all now public property—it will be interesting to note whether he makes public all of the other information collected by his department on the subject of the strike.

"Mr. Wilson's statement that the mining companies refused to meet committees of workmen is absolutely false. Mr. Wilson offered his services as mediator in the strike in Michigan, and his services were declined. The good judgment displayed by the mining companies in declining his offer must now be apparent to the public."

ACCUSES TOWN OF PLOT

Man Who Secured Strikers' Confession Tells of Four Slayings.

Denver, Colo., Nov. 13.—Maj. Charles G. Townsend, who secured the arrest and the confession of the seven strikers to the killing of four mine guards at La Veta Saturday in a statement declares that it was a conspiracy in which the whole town of La Veta took part.

"When the actual shooting took place," said Townsend, "the inhabitants of the little town occupied vantage points on house tops and neighboring hills to view the slaughter. The guards were shot down without warning and did not see their assailants until they were mortally wounded."

LADY STRATHCONA IS DEAD

Wife of Canada's Commissioner Was Eighty-Nine.

London, Nov. 13.—Lady Strathcona, wife of the venerable high commissioner of Canada, died tonight. Death was the result of bronchitis after a week of illness. Lady Strathcona was eighty-nine years old, and it is feared that her death will be such a blow to her aged widower who is now ninety-three, that he may not long survive her. The deceased was a woman of remarkable vigor and it will be recalled that she was able to make a trip to Canada and return with her husband last summer in sixteen days.

Title as Long as a Preface.

Many old pamphlets are distinguished by titles as long as prefaces. The author of one, published in 1646, evidently did not share in the modern editor's enthusiasm for short title headings, for this is the name under which his publication was ushered into the world: "Scotlands publick Acknowledgement of Gods Just Judgment upon their Nation for their Frequent Breach of Faith, Leagues, and Solemne Oathes made to their Neighbors of England in former ages, to gratifie their Treacherous Confederates of France."

Saturday

Household Economics Dept. Women's Club, with Mrs. McWethy.

Mrs. Simonson Hostess.

Mrs. A. E. Simonson of 314 8th street entertained the Snaidni club at her home Wednesday afternoon and evening.

The spacious rooms were prettily decorated for the occasion.

The ladies busied themselves with various pieces of fancy work in the afternoon and at 5 o'clock a most delicious dinner was served in four courses by the hostess, assisted by Miss Caroline Simonson and friend, Miss Jennings of Ashton.

During the evening progressive euchre was ejoyed and the ladies left after showering their hostess with many compliments of appreciation for the most delightful afternoon and evening they had spent.

At Dinner.

Mr. and Mrs. Wm. Slothower delightfully entertained Mr. and Mrs. O. T. Gylleck and family at 7 o'clock dinner.

For Miss Conners

Miss Hazel Rose was hostess on Monday evening to twenty-five of her friends at her home in Sterling for Miss Winnie Conners whose marriage to Mark Reitzel has been announced to take place soon. The affair was in the nature of a surprise. Miss Conners was the recipient of a large number of useful as well as beautiful gifts showing the great esteem she is held in by her friends.

Visiting in Dixon

Mr. and Mrs. Lester Wilson of Aurora are visiting here at the home of the former's brother, Ray Wilson and wife of Peoria avenue.

For Miss Cotter.

Miss Minnie Hess delightfully entertained ten friends Monday evening in honor of Miss Nellie Cotter, who is to be a November bride.

The affair assumed the form of a towel shower and Miss Cotter received many gifts. The rooms were prettily decorated in white and red and dainty refreshments were served by the hostess.

The evening was very pleasantly spent in games and music.

Engagement Announced.

Mr. and Mrs. Charles Boucher announce the marriage of their only daughter, Ilene, to Edward Dinger, in the near future.

Invitations Received

Invitations have been received here for the wedding of Miss Helen Harrison and Fred Livengood, two prominent young people of Milledgeville. The wedding will take place Wednesday, Nov. 19th, at the home of the bride's grandmother, Mrs. Deets. The ceremony will be performed by Rev. Z. T. Livengood, uncle of the groom.

Elks' Informal.

The first informal dancing party of the season for the Elks and their families was held last evening at the club rooms and was a well attended and happy success: The floor was in excellent condition and all enjoyed themselves. Music was furnished by the Marquette orchestra.

Sunshine Class.

The Sunshine class of St. Paul's Lutheran church held their monthly meeting at the home of Mrs. David Ditzler of Hazelwood.

They were taken out in hayracks and the trip was a joyous one for all, 25 attending.

At noon a scramble dinner was served, to which all helped themselves freely. There was an abundance of good things to eat. After dinner a business meeting was held, and later they departed for their homes with expressions of having enjoyed a most delightful day.

Choir Practice.

The M. E. church choir is requested to meet for practice tomorrow evening.

Triangle Mission.

The Triangle Mission club will meet this evening with the C. W. B. M. Auxiliary of the Christian church, with Mrs. George Dixon, at 7:45 a'clock.

Household Economics.

The Household Economics department of the Dixon Woman's club will hold their first meeting of the year Saturday, Nov. 15th, at the home of Mrs. W. C. McWethy, 523 West Third street. The topic of the afternoon will be "Fruits," with a demonstration of same.

Reading Club

Miss Camp entertained the members of the Reading club this afternoon at the home of Miss Brinton.

Jolite Club Dance

The members of the Jolite club will hold their annual dancing party on the evening of January 26th in Rosbrook hall.

Invincible Club Dance

The members of the Invincible club will hold their annual holiday party on the evening of Dec. 31st. The Marquette orchestra will play.

P. J. Fitzgerald Jr., of Hamilton township was here today on business.

Coul Not Lose Friends

Mr. and Mrs. Reitzel who were married in Sterling last evening and came to Dixon, were followed here this morning by a number of their enthusiastic friends, who gave them a rousing farewell as they left on their wedding journey to the east.

Eye Defects In Children

According to the statistics gathered from the schools a surprisingly large percentage of children have errors of vision.

It is safe to assume that a great many children right here in this town need glasses who do not now wear them.

We invite parents who have the slightest reason to suspect that their children do not possess normal vision to consult us about it.

A few minutes will suffice to confirm these suspicions or to dispel them.

In any case it is not wise to remain in doubt.

At Dinner

Mr. and Mrs. Michael Ryan of the River Road entertained a number of friends at dinner last evening, for their guest, Mrs. John O'Malley who is visiting at their home from St. Louis, Mo.

West End Club.

The West End club of girls was pleasantly entertained last evening at the home of Miss Alta Smith. The poems of Edgar Allen Poe were discussed and some of them read. Later music was enjoyed and a luncheon was served. The table was very pretty in pink and white chrysanthemums and ferns. After a happy evening the guests departed voting Miss Smith a rare entertainer.

Gantzert-Genz.

This morning at 10 o'clock at St. Paul's Lutheran church the marriage of two prominent young people of Nelson took place when Rev. F. D. Altman united in marriage Miss Mary S. Genz, daughter of Mr. and Mrs. Carl Genz and William Gantzert, son of Mr. and Mrs. J. G. Gantzert.

The wedding party consisted of the bride and groom, his parents and two sisters. They came and went by auto. The bride was handsomely attired in a blue traveling costume.

They are spending a brief honeymoon in the west and will be at home to their friends in Nelson on their return. Both are highly esteemed young people whose many friends wish them every happiness.

Thousands of Women

Have Been Restored to Health By Lydia E. Pinkham's Vegetable Compound.

There is no doubt about this fact. Why! during the last 30 years we have published in the newspapers of this country volumes of letters from women who have been relieved of all their suffering by the timely aid of this grand old medicine. Letters like the following, true, genuine and honest expressions of gratitude coming from grateful hearts. **Surely you can believe these women.**

Mrs. L. S. BRENNER, Hudson, Mich., says:—

"Sometime ago I was taken with a terrible pain in my right side, such sharp pains just like a knife sticking me. I tried hot applications but that did no good. I went to our family doctor (we were living in Fayette, Ohio, at that time) and he said it was organic inflammation. I doctored with him a while but kept getting worse. The pain was so terrible I could hardly stand on my feet. I would have that sharp pain in my right side, and a dull heavy pain the whole length of my limb. I realized that something had to be done quickly, so I looked up all of your advertisements I could find, and saw several that described my case. I got a bottle of Lydia E. Pinkham's Vegetable Compound and it helped me from the first dose, and when I had taken two bottles my trouble was gone. Your medicine has done so much for me that I am willing you should publish this letter for the sake of other suffering women."—Mrs. L. S. Brenner, Hudson, Michigan.

Mrs. L. E. BOWERS, Girard, Pa., says:—

"I take pleasure in informing you of what Lydia E. Pinkham's Vegetable Compound has done for me. I had a sick spell last February, and for some months after that I was not regular and had many bad feelings. I was tired all the time, had dull headaches, not much appetite, and also what the doctor called organic inflammation. Your Vegetable Compound has entirely cured me and I feel that too much cannot be said in its praise as I am now able to do my own work. You are perfectly welcome to use my testimonial for the benefit of others."—Mrs. L. E. Bowers, R.F.D. No. 1, Girard, Pa.

Mrs. ELIZABETH GENTILCORE, Buffalo, N.Y., says:—

"I feel that I must write to you about your wonderful remedies. About ten years ago I was troubled with female weakness and was all run down. I was tired all the time and could hardly walk without feeling dizzy. I heard about Lydia E. Pinkham's Vegetable Compound, took it, and also used the Sanative Wash. I got stronger, and have not had those dizzy spells since. I feel that I owe my health to you, and hope your remedies will help others as they have me. I tried most everything I heard of, and yours are the best medicines for women's ailments."—Mrs. Elizabeth Gentilcore, 26 Glor Street, Buffalo, New York.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

SICK PEOPLE

"He Is Honest With You."

Why You Should Come

Many have asked Dr. Piper, how it is that he can **cure chronic diseases** that the general practitioner can do nothing with. The general answer is: Dr. Piper has devoted his life to the specialty of Chronic Diseases. He devotes all of his time to his given specialty. **He does nothing but office work.** Instead of having one office with a practice limited to a radius of a few miles, he has a number of offices, and his practice covers hundreds of miles. He advertises for the difficult and baffling cases that have been seeking relief sometimes for years, many of which come to him and find health and happiness, through the aid of his diagnostic methods and deep acting blood remedies. His advice is always welcome to you. **YOU PLACE YOURSELF UNDER NO OBLIGATION WHEN YOU CALL.** Come at once and consult the doctor—next time may be too late. Many of you who have been taking medicine and so called treatments for months will be absolutely cured in a few weeks. Very chronic cases will require somewhat longer time, but it will make no difference; you will be treated free, remedies accepted, until you can say, **"I AM CURED."**

Are You Suffering From Bloating, Belching of gas or food from your stomach, Pain or distress in your stomach, constipation or loose bowels, Warts or Moles, Bed Wetting, Creepy or numb sensations in the limbs, The effects of an old illness, Despondency, Melancholia, Loss of Vital Energy, Loss of ambition, Wasting diseases, Varicose veins, Deep-seated blood diseases, Early abuses that have been neglected, Headaches, Shooting pains in the head, neck, back, and limbs, Dizziness, Rheumatism, Auto-intoxication, Infections of a private nature, Drains and losses, Nervous prostration, Piles, Sleeplessness, Neuralgia, Poor circulation, Palpitation of the heart, Shortness of breath, Lame back, Spots floating before the eyes, Dyspepsia, Biliousness, Kidney and Bladder trouble, Catarrh of any part of the body, Epilepsy or fits, Asthma, Bronchitis, Eczema, Diseased eyes, Reduced vision for want of the proper glasses, Female diseases, or any evidence of breaking down in MAN or WOMAN? If so, consult Dr. R. S. Piper, the master specialist of Chronic Diseases. No matter how hopeless you may feel, or how many doctors have treated you, if there is a cure for you, he will tell you so. **If you wish to consult a real Chicago Specialist in your home town,** don't waste any time, but come at the above place at the stated time.

Catarrh Are your lungs or bronchial tubes weak? Do you cough and expectorate diseased mucus? Does your nose stop up? Is your breath offensive? Have you a bad taste in your mouth? Have you pains in your chest? Are you bothered with shortness of breath and weak spells? Do you have throat trouble with hawking and clearing of your throat? Do you have dripping of sticking mucus from the back part of your nose into your throat? Call and have the doctor examine you. **There is no need for you to have Catarrh.** It often leads to that dreaded disease that is killing thousands of our best people—Consumption. Dr. Piper's treatment can be used in your home daily. No need of expensive office treatments.

Chronic Stomach Trouble causes more people to be misunderstood than any other diseased condition of the body. You are irritable in disposition—easily angered. You have plenty of ideas, but never carry any of them out. You are always tired. You have to force yourself to accomplish anything. You become blue and despondent and have many other symptoms which you know only too well. These are the men. d symptoms of a deranged stomach. Other symptoms are: Bloating, Belching of gas, sour or greasy matter from the stomach, Pain, Distress, Weakness, Palpitation of the heart, Constipation or Diarrhoea, Unhealthy complexion, Changeable appetite, and Coated tongue. All these symptoms point to a deranged digestion. If you have any of these symptoms, lose no time. Dr. R. S. Piper's deep-acting remedies will cure you, no matter how many doctors have failed. **His specialty is the curing of deep, aggravated chronic diseases.** His motto is PAY HIM HIS FEE WHEN CURED.

Lost Vitality Have you never recovered from an old illness? Are you despondent, blue and melancholic over your condition? Do you have spells or fits? Are you becoming anxious and fearful of the future? Are you troubled with nervousness and trembling of your limbs? Do you have that tired feeling in the morning? Is your memory failing you? Let Dr. Piper build you up to your former condition as he has done to many suffering likewise.

NOTICE—Dr. R. S. Piper will be at the Nachusa Hotel, Dixon, for One Day Only

FRIDAY, NOV. 21st.

Money Saved by Making Your Cough Syrup at Home

Takes But a Few Moments, and Stops a Hard Cough in a Hurry.

Cough medicines, as a rule, contain a large quantity of plain syrup. If you take one pint of granulated sugar, add ½ pint of warm water and stir about 2 minutes, you have as good syrup as money could buy.

If you will then put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle, and fill it up with the Sugar Syrup, you will have as much cough syrup as you could buy ready made for $2.50. Take a teaspoonful every one, two or three hours. It keeps perfectly.

You will find it one of the best cough syrups you ever used—even in whooping cough. You can feel it take hold—usually conquers an ordinary cough in 24 hours. It is just laxative enough, has a good tonic effect, and the taste is pleasant.

It is a splendid remedy, too, for whooping cough, spasmodic croup, hoarseness and bronchial asthma.

Pinex is a most vaulable concentrated compound of Norway white pine extract, rich in guaiacol and other healing pine elements. No other preparation will work in this formula.

This plan for making cough remedy with Pinex and Sugar Syrup is now used in more homes than any other cough remedy. The plan has often been imitated but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Good Coffee Costs Less

It's the poor coffee that's expensive. High grade coffee yields more cups to the pound than low grade—there is more strength in the high grade berries. And there's little satisfaction in coffee that lacks a full, rich flavor.

You are choosing a high grade coffee, but an inexpensive one, when you tell the grocer to send Mex-O-Ja.

From every pound you can make 40 cups of delicious coffee—more if you like it mild. The cost is less than a penny a cup.

Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out, and so cures have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.

A. H. TILLSON DRUGGIST

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. I have been prescribing the D.D.D. remedy for years." It will take away the itch the instant you apply it.

In fact, we are so sure of what D.D.D will do for you that we will be glad to let you have a $1 bottle on our guarantee that it will cost you nothing unless you find that it does the work.

Dramatic Notes

FAMILY THEATRE

A real vaudeville program will be given at the Family the last half of this week. Beginning Thursday evening the famous Zeb Zarrow troupe in comedy novelty entitled The Isle of Joy, will be the feature attraction. The offering must be seen to be appreciated and comes recommended as one of the best attractions ever presented in this part of the country.

Waldo Phillips the rube minstrel, will be the extra attraction and presents an unique offering.

The usual up-to-date motion pictures will complete the bill.

DIES OF BROKEN NECK.

DeKalb, Nov. 13—Arthur Anderson, the 28 year old young man who received a broken neck Saturday afternoon in a fall from an apple tree, died yesterday afternoon. Although completely paralyzed from his neck down, the young man was conscious until almost the last and conversed freely with his relatives and the nurse.

NOT UNLAWFUL TO HUNT WITH FERRETS

An investigation of game laws reveals that there is nothing mentioned in regard to the use of ferrets. This is taken to mean that the use of the ferrets is not prohibited by the new law, asserted A. M. Clavin, deputy commissioner, today.—DeKalb Chronicle.

TEAM WILL HAVE SUITS.

After a careful perusal of the article written by a learned and witty correspondent of Mr. Brinton, which appeared in the Telegraph, in which the difficulties of the N. D. H. S. foot ball team were extolled at considerable length, we take this means of stating that we feel duly humbled by the scathing rebuke administered by the LaSalleite who does not seem to appreciate a regular football team, and promise to reform immediately. Through the generosity of Mr. Brinton and a few other citizens of Dixon, the team will be outfitted to satisfy the most exacting person in a few days.

MILLER GETS DEER.

Friends of Ward Miller have received word that he has killed "his" one deer and is on his way home with his game. Consequently his friends are anticipating a treat of venison within a few days. Mr. Miller has been at Hayward, Wis., with the party of Dixon hunters.

TO MAKE WHOLE CUNTRY DRY

PROHIBS CLAIM THEY MUST GET PRESIDENT, WHO IS IN FAVOR OF ACTION.

Columbus, O., Nov. 12—Nationwide prohibition to be an accomplished through an amendment to the federal constitution was the key note sounded by speakers at the national convention of the anti-saloon league Tuesday. Thousands cheered when speakers demanded that the prohibition question be put squarely up to congress at once. Former U. S. Senator Sanders of Tennessee, who presided, told the convention it would be necessary to have as president of the United States a man in favor of national prohibition before it can be accomplished. The statement, Senator Sanders said afterward, had no particular reference to President Wilson. Rev. C. E. Dinwiddie of Washington, executive superintendent, said a campaign will be started to give proper credit to congressmen and senators who voted for the passage of the Webb-Kenyon bill, without attempting especially to fight those who opposed it.

"With two-thirds of the entire country dry now, the time has come when the people are ready to promulgate a campaign for national prohibition," he said.

Y. M. C. A. COURSE

No other product of human invention has made such wondrous progress or risen with such amazing swiftness as animated photography as presented by Lyman H. Howe.

True, in our day and generation, there is a legion of other "picture shows" of varying degrees of merit—good, bad and indifferent; but whenever anyone refers to the one exhibition of this nature that is perfect to the minutest detail, it is Lyman H. Howe's Travel Festival,, which comes as a number of the Y. M. C. A. entertainment course, Dec. 1. It stands alone—pre-eminent. No other challenges comparison with it. This opinion is unanimous and universal even among exhibitors themselves, as well as the public at large. Everywhere—east, west, north south—it is hailed as the matchless—the model exhibition of its kind— uncompared because incomparable. No other exhibition vivifies history, imprisons the sun's rays so effectively, brings the march of topical events, or kindles in our minds visions of the world at large, so realistically as does Mr. Howe's perenially popular entertainment.

IS ILL.

Mrs. Hugh Flannery of W. Third street is confined to her bed by illness.

Humility is that line of conduct which is a mean between overbearing pride on the one hand and abject servility on the other, as economy is the middle term between extravagance and avarice. It is the crown of nobility, a ladder to honor and a means of procuring love and esteem. A wise man was once asked whether he knew of any good which is not coveted or any evil which deserves no mercy, and he said: "Yes, they are humility and pride." To despise a proud man is true humility.—Arabian Proverb.

Maine Is Young Yet.

One thinks of all New England as settled early, but in reality all of that half of Maine lying east of the Penobscot river is newer than the Ohio valley. The first permanent English settler anywhere in that section was Joshua Treat, who established himself in 1759 about where Stockton Springs now is. In 1769 there was not an English settler above Bangor. Even as recently as a century ago, so the census of 1810 shows, nine-tenths of the population of Maine was west of

PINDELL TO GET POST

ASSERTED THAT WILSON WILL SEND NAME TO SENATE.

Statement Is Issued by Bryan That President Will Give Russian Job to Editor.

Washington, Nov. 13.—President Wilson will send to the senate the nomination of Henry M. Pindell of Peoria, Ill., to be ambassador to Russia, according to a statement issued by Secretary of State Bryan.

"The ambassadorship to Russia is vacant," said Secretary Bryan's statement, "and the president has for some time been desirous of filling it by an appointment which would be entirely worthy of the great dignity of the importance of the post.

"Knowing Mr. Pindell personally, his character, his ability and his exceptional fitness for the duties of such a place, he offered him the appointment. Mr. Pindell did not seek the appointment. It was tendered him without any solicitation on his part, not only, but without any knowledge or anticipation on his part that it would be offered to him.

"In response to the offer he simply stated that he would be glad to serve the administration in any way in which the president thought he could serve it successfully, but that he did not feel that he could conscientiously obligate himself to serve the ordinary term of a foreign appointment, because he did not feel that he could leave his business so long. The president asked him to accept it for as long a time as he could stay and he consented.

ISLAND IS STORM-SWEPT

Typhoon Throws Navy Collier Ashore and Spreads Destruction—Vessel Not Damaged.

Washington, Nov. 13.—First news of a great typhoon which swept the Island of Guam and threw the collier Ajax ashore came to the navy department in a report from Lieutenant Commander Alfred W. Hinds, governor of the island, and commandant of the naval station there.

One American was drowned, George M. Nicholson, a hospital steward, who had been sent ashore with a rescue party from the Ajax.

The storm demolished native houses and destroyed wharves, lighters and telegraph and telephone poles. The collier was severely damaged, although its hull is still intact.

QUAKES RAZE TOWNS

Extent of Damage in Peru Grows.

List of Fatalities Now Placed at Several Hundred—Government Plans Relief of Survivors.

Lima, Peru, Nov. 13.—Ten towns were destroyed and several hundred persons killed by the earthquake which occurred in the mountainous Peruvian province of Aymareas. Telegrams report a continuance of the earthquake in the province of Aymareas in the department of Apurimac.

The city of Challhuanoa, with a population of nearly 4,000, the capital of the province, is reported to be in ruins.

Although the government forwarded a great quantity of provisions and clothing to the district, the suffering among the survivors is intense.

Men, women and children, their homes wrecked in many cases on their heads, are living in open spaces outdoors and suffering privations that cannot be mitigated for days by the relief parties.

How great is the number of dead and injured is unknown even in the stricken towns. A courier who brought the first news of the devastation said the number of known dead was 120, but it was believed several hundred bodies were buried in the ruins.

Following this news came a private telegram saying more than 200 persons had been killed.

Adding to the seriousness of the situation, an official telegram reported the continuance of the seismic shocks and the destruction of Challhuanoa.

The first heavy earthquake shook the mountainous province of Aymareas last Friday. Soon afterward the courier, telegraph wires being down, started for Lima with news of the devastation and an appeal for help. He reported that in the ten towns then razed there was lack of food and shelter for the survivors. The government responded at once.

Apurimao is a southwestern department of Peru. It is composed of the provinces of Abancay, Aymareas, Anta and Cotabambas, and a portion of Ayacucho.

CHARGE PLOT TO BLOW MAIL

Federal Grand Jury Indicts Twelve in New York.

New York, Nov. 13.—A dynamite plot in which the striking drivers are alleged to have planned to blow up the United States mail wagons during the recent strike, was disclosed when 12 officials and agitators of the union were indicted by the federal grand jury. Seven of the men indicted, including Louis Terry, president of the union, were arrested and further arrests are expected.

The grand jury investigation was begun after five sticks of dynamite had been found in the union headquarters at Harley's hall.

Federal officials said they had discovered a plot to assassinate Edwin M. Stanton, assistant United States district attorney and a nephew of Senator O'Gorman, who has been in charge of the investigation. The men were indicted on the charge of entering into a conspiracy to obstruct the United States mails.

SHIPS IN CANAL BY JANUARY

Col. Gorgeas Asserts Panama Route Will Be Ready Then.

London, Nov. 13.—"The Panama canal is so near completion," said Col. William C. Georgas "that shipping can be accommodated within two months from the present day, and some vessels probably will be availing themselves of the canal about the first of the year."

Fire Gives Town Food Famine.

Proctor, Vt., Nov. 13.—A temporary shortage in food in this village resulted from the destruction by fire of the co-operative store conducted by the Vermont Marble company. The 2,700 inhabitants are mostly marble workers.

NOTICE TO CONTRACTORS.

Sealed proposals addressed to the Board of Local Improvements and Council of the City of Dixon, Lee County, Illinois, and endorsed proposals for the furnishing of the labor and materials for and the construction of vitrified tile pipe sewer with manholes, flushing tank and house connection laterals to one foot inside curb lines in front of each lot or tract of land to be assessed in East Everett Street, from the manhole heretofore constructed in North Ottawa avenue to a point 200 feet east of North Dixon Avenue, in the City of Dixon, County of Lee and State of Illinois, as provided for in Local Improvement Ordinance No. 150, Series of 1913, of said City of Dixon will be received by the Board of Local Improvements and the Council of the City of Dixon, at the City Clerk's Office in said City of Dixon, until two o'clock in the afternoon on Monday, the 17th day of November, A. D. 1913, and will be publicly opened by the Mayor of said City of Dixon (who is President of said Board of Local Improvements) at a joint meeting of said Council and said Board of Local Improvements to be held in the Council Chambers in the City Hall in said City of Dixon at two o'clock in the afternoon on said day. Said bids will be opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's Office and be open to public inspection for at least forty-eight hours before an award of said contract is made to any competitive bidder. After the expiration of forty-eight hours, as stated above, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City and publicly declare the same.

The work for which said tenders are invited is the construction of about 1011.5 cubic yards of excavation and backfill; about 975 linear feet of 8" sewer pipe (laid); about 462 linear feet of 6" house connection laterals (laid); two manholes, 3 feet inside with cast iron covers and iron steps inside (complete), 1 manhole 4 feet inside with cast iron cover, iron steps inside, flushing siphon and outside lamphole, as provided for in Local Improvement Ordinance No. 150, Series of 1913, of the City of Dixon, Illinois.

Each bid for this work must be accompanied by certified check or cash for an amount not less than ten per cent of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified check will be held by said Board of Local Improvements until the bids have been canvassed and contract has been awarded and signed. The return of said checks or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and the Council of the City of Dixon.

A bond of $1000 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and Council of the City of Dixon. All proposals must be made on blanks which will be furnished bidders at said City Clerk's Office.

The payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed, and the work accepted by the Board of Local Improvements and Council of the City of Dixon, bonds to draw interest at five per cent. No bid will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specificatoins and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

Specifications are on file in the Mayor's Office and may be seen at either the office of the Mayor or City Clerk of the City of Dixon.

The Council and Board of Local Improvements reserves the right to reject any and all bids.

Note From Wrecked Ship Tells of Tragedy on Lake.

Sixty Other Men Believed to Have Perished in Gale—Many Vessels Long Overdue.

Detroit, Mich., Nov. 13.—Reports from points along the Canadian shore of Lake Huron point to a heavy loss of life and shipping in the recent storm.

Seventeen bodies have come ashore. On vessels overdue and unaccounted for are at least sixty other men, who are believed to have gone down.

Sighting of wreckage was reported from points along the shore from the Soo to Hopghton. Seas were still running dangerously high and expeditions by life-saving crews were made with the greatest difficulty. The frozen bodies of the sailors washed ashore on the Canadian side near Goderich are believed to be those of men from the crew of the Regina, a Canadian Pacific freight ship, or the Charles S. Price, which is reported lost.

There is some reason to believe that these two vessels collided, that the Regina is the craft lying bottom upward eight miles northeast of Port Huron, Mich., and that the crew of the Price abandoned the vessel for lifeboats and lost their lives in them as the result of the bitter cold and exposure to the waves.

At Buffalo a message from the missing lightship No. 82, inscribed on wood and signed "Williams," was picked up. It reads: "Good-by Nellie; ship breaking up fast.." Presumably the message was left by Capt. Hugh M. Williams, who commanded the lightship. No bodies of the crew have been recovered.

Cleveland, O., Nov. 13.—Efforts to free this city from the threatened food famine and from the coal shortage caused by Sunday's blizzard continues. From Wellington 2,000 gallons of milk arrived shortly after noon, and thus insured a supply for many of the 1,500 babies who had been without milk for more than 36 hours. Public and private charity undertook to relieve 7,000 families.

DEER SCARCE; SHOOTS MAN

James McDonald of Michigan Is Hunter's Victim.

Milwaukee, Wis., Nov. 13.—There was another day's harvest for the Angel of Death in the deer country. The dead are:

James McDonald, Escanaba, Mich.; shot for deer, instantly killed.

Aug. Schill, Fond du Lac, killed by pulling loaded gun toward him.

Lewis Schwenkow, Juneau, killed by own gun at Westboro.

Injured: James Chester Barnard, shot through leg by glancing bullet.

S. Janeskowski, shot in leg by brother.

Robert Schwantz, Portage, shot by brother in leg.

HUERTA AGAIN DEFIES WILSON; LIND LEAVES

Envoy Gives Ultimatum and Then Quits Mexican Capital.

TOLD NOT TO SEAT CONGRESS

Wilson's Agent Receives No Reply From Dictator and Then Quits City for Vera Cruz Before Rebels Cut Railroad.

Mexico City, Nov. 13.—Envoy John Lind left last night for Vera Cruz. He gave Huerta notice that no further negotiations of any kind between the United States and Mexico would be possible unless the newly-elected congress were dissolved. No answer was forthcoming.

The personal effects of John Lind were removed from the hotel where he has resided during his stay in Vera Cruz to the American consulate.

General Huerta was notified early in the day that unless he returned an answer by six o'clock, believed to the effect that he would prevent the newly elected congress from convening, and, furthermore, make this action known to the members of the diplomatic corps by midnight, the United States would have no further parleying with the Mexican government.

Mr. Lind waited until six o'clock, but received no answer. Then he arranged for his departure on the train leaving for Vera Cruz at eight o'clock.

Gives Huerta Last Chance.

Nelson O'Shaughnessey, American charge, was the messenger who delivered the ultimatum. He was unable personally to reach Huerta, but left the message at the president's office.

It was intimated at the palace that Huerta had not received the note in time to give it full consideration. This, however, did not appear to Mr. Lind a valid excuse for procrastination.

Why Ultimatum Was Given.

The prevention of the convening of congress has been one essential point in the negotiations conducted by Mr. Lind; this for two reasons: First, it was believed the new congress would lose no time in passing measures having to do with the oil concessions, and, second, it was held the convening of congress would give an air of legality to Huerta's government.

All sorts of rumors were current. Many persons who contemplated leaving the country soon made hurried preparations and caught the night train to Vera Cruz.

Mr. Lind was said to have received from Vera Cruz messages urging him to return at once, for fear the railroad would be cut.

Rebels have begun a campaign to interrupt traffic between the capital and Vera Cruz. A train was held up on the main line of the Inter-Oceanic railway at night and all passengers robbed. From the express car the rebels took nearly 1,000,000 pesos in government silver.

The federal garrison at Tuxpam asked the war department for reinforcements, but was told help was unavailable.

May Break All Relations.

Washington, Nov. 13.—Secretary Bryan announced that the government would issue within a few days a statement setting forth the steps the United States would take to solve the Mexican problem. Almost simultaneously came news from William Bayard Hale, reputed personal envoy of President Wilson, of his conference with Gen. Victoriano Carranza, chief of the Mexican constitutionalists, at Nogales, Sonora.

Information from an authoritative source was that Secretary Bryan was considering the breaking of diplomatic negotiations with Mexico and preparing for the withdrawal of Mr. O'Shaughnessy, the American charge d'affaires, from Mexico City.

Makes Carranza a Proposal.

Although officials were reticent, it became known that Mr. Hale presented to Carranza a proposal designed to end the Mexican revolution. This was said to include a request that Carranza and his cabinet, which was present at the meeting with Mr. Hale, name their choice for a provisional president to succeed Huerta and that they open negotiations with leaders in the City of Mexico, through the United States, with a view of having such an official installed in the federal capital.
